The Genesis: Kevin Costner's Birthdate and Early Life

Kevin Costner was born on January 18, 1955, in Lynwood, California. This birthdate places him firmly in the baby boomer generation, a demographic that has witnessed and participated in significant cultural and technological shifts throughout their lives. His upbringing, while rooted in

California, was also shaped by his father's work as an electrician and his mother's role as a social worker, experiences that likely instilled a sense of groundedness and perhaps a keen observation of human nature, traits that would later serve him well as an actor.

His early years were not immediately marked by a trajectory towards Hollywood stardom. Costner pursued a business degree at California State University, Fullerton, with aspirations that initially lay outside the realm of acting. However, a pivotal encounter with actor Richard Burton during a flight ignited a passion for performance.
